I was out Friday and am seeing some contradictory emails this am about all of this.

I hate to do this, but I think you and David N. need to figure out who has given what to Mark C. And then act accordingly.

As we said on Thursday (I think), EPA is fine with both the MOU and the P+N going to DWR, through whatever channels you want.

Mike & Tom

Did Thursday version go to Cowin encouraging him to send to State Water Contractors? Has Fed-Blessed Purpose & Need gone to DWR?
Did I miss a signal that I need to execute? (like sending either or both MOU &/or P&N to Cowin?) Thanks Paul

Subject: BDCP 404 MOU - Current Version

I am attaching redline and clean versions of the most recent BDCP 404 MOU.

This version incorporates comments from DOI, BOR, FWS, NMFS, Corps, DWR, and EPA. Where there were inconsistent comments, I made a decision.

If you think you want other people in your organization to look at this, please forward it to them.

We should be getting close to a final version, so please think about this accordingly.

I know there are a lot of formatting issues (fonts, numbering, indentation), but I will clean that up before final.

I'm out Friday, around all next week.
